PRODUCT CHANGE NOTIFICATION

Date: March 22nd, 2022
PCN: PCN LEDiL 182

Subject: PCN 182 - Change of ordering method and quantities

Description: As part of our continuous improvement process regarding logistics, LEDiL has changed the ordering method and quantities of following products as components instead of assemblies in order to make handling of different part numbers easier to our customers.

For example, the old code of CN11771_IRIS-M is now ordered with three separate codes that allow better understanding of component stock levels and the usage in other assemblies as well.

Time line: This change is valid immediately.

Changes: Change of ordering codes.
